Achieving your goals doesn’t have to be an exercise in frustration.

Chances are you’ve set countless goals for yourself — but how many do you actually achieve on a routine basis? Constantly falling short of goals can leave your self-confidence in disrepair and your professional reputation compromised while sending your stress levels skyrocketing. Don’t spend another minute worrying about how to set, plan for and achieve your goals. Instead, make plans to attend this seminar to gain the goal-setting and achievement skills that will serve you for life.

Effective Goal-Setting and Planning Skills gives you a blueprint for setting realistic, attainable goals, as well as foolproof methods for accomplishing them.

Whether the goals you struggle with are small or large, short- or long-term, personal or professional, we’ll show you how to set yourself up for success every time! As a result, you’ll reduce the stress and anxiety that go hand in hand with failure. You’ll become more efficient and productive, and you’ll gain confidence and self-assurance by learning to perform at the top of your game.

Goal #1: Attend this seminar!

Setting goals and consistently failing to meet them can be incredibly frustrating. If you’re plagued by a less-than-stellar goal achievement track record, attending this seminar is one goal you should put at the very top of your list!

Don’t spend another minute wondering how to best meet the goals you’ve set for yourself. Enroll today and discover satisfaction and peace of mind by crossing completed goals off your list, one by one! This seminar is designed especially for managers, supervisors, business owners and other professionals whose livelihood depends on the successful completion of a variety of goals.

There’s an art and a science to effective goal setting. We’ll teach you proven, step-by-step methods for setting actionable, attainable and achievable goals.

Goal-setting secrets revealed!

There is a special component to SMART goals most goal-setting workshops and seminars don’t teach. Believe it or not, this often means the difference between success and failure when it comes to actually accomplishing the goals you’ve set for yourself.

In *Effective Goal-Setting and Planning Skills*, you’ll not only discover this critical component, but dozens of other tools, tips, strategies, fresh ideas and more — all geared toward setting and accomplishing goals easily and painlessly. From setting individual goals to working within the framework of a team environment, we’ll help you get past the internal roadblocks and external issues that have hindered you in the past.

Five to ten minutes a day is all it takes to set and achieve your goals! Don’t believe it? Read on:

This seminar begins by revealing the single most important question you need to ask before you begin establishing goals for yourself or your team. Once you’ve got your answer, we’ll walk you through our effective and proven goal-setting process, and teach you specific, step-by-step methods for accomplishment. You’ll learn how to plan, set priorities, allocate resources, strategize and create schedules and timelines that work for you. By breaking tasks into easily achievable five- to ten-minute segments, you’ll find accomplishing your goals becomes much simpler. You’ll also learn how to set goals to achieve balance in all areas of your life and discover which tools will make the process easier for you.

When you set realistic, attainable goals using the methods we advocate, you’ll reduce your stress levels, increase your motivation and productivity and enjoy the entire process more.

Imagine the satisfaction of moving confidently toward your goals, accomplishing them with ease and guiding colleagues, coworkers and team members to do the same. It’s all possible once you put the principles of *Effective Goal-Setting and Planning Skills* into action!

Is this workshop for you?

Answer the following questions (honestly!) to find out.

- Do you find setting goals to be overwhelming because they are too difficult to achieve with the limited time and resources available to you?
- Have you set individual or team goals in the past, only to have them derailed by lack of support, poor planning or circumstances beyond your control?
- Is your general outlook on goal accomplishment one of negativity due to past experiences?
- Do you feel if you had a step-by-step goal-setting system to follow, you could be more successful?
- Do you have trouble figuring out where to start when faced with a complex or challenging goal?
- Are you a procrastinator by nature?
- Do you tend to focus obsessively on tiny details, inadvertently losing sight of the big picture?

If you answered “yes” to one or more of these questions, then Effective Goal-Setting and Planning Skills was tailor-made for you!
